PHARMACY CRICKET CARNIVAL GOLD COAST QUEENSLAND

January 2007

In January 2007 pharmacy teams from NSW, Queensland, Victoria and for the first time Tasmanian will meet to decide who will hold *'The Chemists Interstate Challenge Cricket Shield'* for the 2006 – 2007 season.

The 'Shield' first contested in 1908, is magnificently designed with an etched cricket match in progress on the centre panel.

It is made of sterling silver and is the oldest piece of memorabilia in Australian pharmacy.

The games will be played over three days Thursday 25th, Friday 26th & Saturday 27th at the grounds of the Gold Coast Dolphins Cricket Club.

The teams will arrive on Wednesday 24th for a welcome BBQ at the team's hotel the Radisson at Palm Meadows. The final Saturday night dinner will be at the Radisson Golf Club Palm Meadows where the trophies and match awards will be presented.

The guest speaker will be Mr Sam Loxton OBE a member of Bradman's 1948 'Invincibles' and a great after dinner speaker.

Victoria the winner of the 'Shield' on the last two occasions and Queensland the unofficial winner at the first carnival played last season at Camden NSW are both out to be the winner for 2006 – 2007. Competition will be very keen with the Tasmanians the unknown quantity, having what is understood to be a 'secret weapon'.

Those near the Gold Coast in Queensland at this time are encouraged to attend the games and especially the final night dinner. For additional information and details contact the Guild office on 946 7100.

This should be a truly Pharmacy National sporting and social event, with strong sponsorship support from the pharmaceutical industry and official pharmacy organisations.
