### The Guest Speaker Sam Loxton OBE

Sam Loxton a member of Bradman's famous 1948 'Invincibles' was an Australia Test selector, and Captain & member of the Victorian Sheffield Shield Team for many years. On debut for Victoria he scored 232 not out and in his first Test against South Africa in 1949, he scored 101 runs in 135 minutes.

Regarded as an after dinner speaker of unmatched quality and entertainment. Those who have not experienced a Sam Loxton after dinner address have a treat in store.

Now a resident of Runaway Bay Queensland, Sam has diminished vision that in no ways restricts his mental ability, His mind is as sharp as a tack. His recall of events and the greats of the games of cricket is amazing, all without notes. His hero is the great Don Bradman and he will talk of his time with the 'Don' as his captain, with great passion and admiration.

We are fortunate that this incredible man is able to be our special guest.
